OUTLINES.

Severe earthquakes occurred in Western Mexico Sunday night and have continued at hour intervals, completely destroying Chilpancingo, a city of 7,498 inhabitants, and it is believed that several larger cities have shared a similar fate; 500 are reported to have been killed and the survivors have fled panic-stricken to the open country; it is feared that the volcanoes in that region will become more active and destroy much property and many lives.——The national arbitration and peace conference, under the presidency of Andrew Carnegie, began its sittings in New York yesterday; a message from President Roosevelt, and addresses by Secretary of State Root, Secretary of Labor and Commerce Straus, Governor Hughes, Mayor McClelland and Baron de Constant, member of the French Senate, were the features.——A Great Northern Railroad train was wrecked and totally burned in North Dakota yesterday morning at 1:20 o'clock, six or more people having met death and many being injured.——Four persons were killed and several injured in an accident to a Philadelphia and Western train last night in Philaelphia. ——Under indictment for failure to close some disorderly houses, Chief of Police Adams, of Newark, N. J., committed suicide yesterday.——Consul General George W. Roosevelt, a cousin of the President, died yesterday at Brussels, Belgium, where he was Consul General.——The Continental Congress of the Daughters of the American Revolution in session at Washington yesterday endorsed the movement for international peace and delegated Congressman Richmond Pearson Hobson to bear thier resolutions to the Peace Congress at New York.——Twenty-two American warships are now anchored in Hampton Roads to receive the foreign fleets soon to arrive for the naval display during the Jamestown Exposition.—— Frosts and ice have greatly damaged peaches, fruits and vegetabels and cotton in Georgia; all kinds of fruits and vegetation in Virginia have suffered greatly.——If there is to be another trial of Harry Thaw in New York, the same line of defense will be followed, with Evelyn retelling her life story substantiated by documentary evidence heretofore not used. ——Gold coins issued at the government mint at Denver are under-fine five cents on every twenty and the government in making an investigation.——New York markets: Money on call, easy, 2 to 2 1-4 per cent., ruling rate, 2, closing bid and offered at 2; spot cotton, 5 points higher, closing steady at 11.15; flour, firm but quiet; wheat irregular, No. 2 red, 88 3-4 elevator; corn, steady, No. 2, 57 1-2 elevator; oats, steady, mixed 47 1-2; turpentine, steady, 71 1-2 to 72; rosin, firm.

An Ohio paper says: "Ohio is for Taft." It is probably unanimous, for we notice that even Senator Foraker is going for Taft.

In one of his newspaper articles Count Boni de Castellane says he "was shocked by American society folks." It certainly has given Boni some severe jolts.

"Sweeping a room may be made a poetic action," says one Miss Margaret Anglin. She is liable to give women a distaste for poetic action, as lots of them never did like sweeping.

The Charlotte News says: "At least Editor Graves has the people of the country talking and thinking." No, you're off. Only talking.—Winston-Salem Journal. The Star noticed sniggling also going on.

"Is imaginativeness on the decline?" asks a sociologist. Not with men who pay women teachers and girl workers less money for the same work than they pay men, and then go on imagining that they are giving the weaker sex the helping hand.

A little book recently published, entitled "Don'ts for Everbody," has this for men: "Don't marry the woman who expects to have 'a good, easy time.'" Advice like that is liable to get some man stranded in the dried up bachelor class.

The rumor comes from New York that Harry Thaw has changed his counsel again, and that Robert Moore, of a New York law firm, is to have charge of the defense in the future. Harry seems to be crazy to get some lawyer that will secure his acquittal.

The Greensboro Telegram remarks: "President Roosevelt won't talk about the suggestion that he be nominated by the Democrats for President. Been better for Col. Graves if he hadn't said anything about it." You don't know Graves. He got all out of it he started in to get.

Speaking of newspapers published by his race, Booker T. Washington says: "I fear that our newspapers are at fault because they hold up our difficulties. People reading them see too many accounts of negro oppression and we do not want our race soured by such accounts." In other words colored papers should not be yellow journals.

TRUCK IS DAMAGED

Library of Congress

Strawberries and Vegetables Fare Badly Because of Unseasonably Cold Weather.

SNOW CLOSE BY SUNDAY

Ice Formed Freely Everywhere Yesterday Morning—Beans, Potatoes, Beets and Radishes Cut Down. Growers Blue at Outlook.

The unseasonably cold weather for the past several days breaks all temperature records in the thirty-odd years history of the weather Bureau at Wilmington. Truck of all kinds, especially vegetables, have been badly damaged and growers are rather blue over the outlook. The most severe weather occurred yesterday morning when there was a freeze throughout the belt, it being less intense at and near Wilmington, where the official record of the cold was down to 32 degrees. The wind kept off the heavy frost that would undoubtedly have occurred, but ice formed freely and tender vegetation was cut down. Even some truck under cover was badly damaged in spite of every precaution taken by the growers. In East Wilmington the thermometer of a leading trucker registered 28 degrees at 5 o'clock yesterday morning. The minimum here was freezing at about 5 o'clock, but by 8 o'clock the mercury had crawled up four degrees. The maximum yesterday was 58, and the mean for the day was 45. The prediction for the night was fair and hot so cold, but with frost. Tuesday, fair and warmer, with light variable winds.

Sunday it was quite cold, and snow was reported north of Wilmington and as far down as Faison, and as far west as Elizabethtown, Bladen county, about 50 miles from Wilmington. At Elizabethtown the fall of the "beauful" lasted for an hour or more.

The worst damage in the Wilmington trucking belt seems to be to potatoes, beans, beets, radishes and strawberries, the latter perhaps being hurt least. The yield of berries will be cut off to some extent and the season will be still further delayed. Potatoes were cut down but will come out again under favorable weather, the truckers say. Beans were practically ruined, those under cover and up being also hurt. There was a large acreage of these in the Rocky Point vicinity, and not a few were being grown in East Wilmington. Garden peas were practically cut off by the frosts about a week ago. Cabbage were not badly hurt.

The cold seems general, and what the truckers have lost in yield may to some extent be made up in higher prices, but the blow to them is very heavy, and they are much downcast at the outlook. Other low temperatures yesterday morning were: Asheville, 24; Atlanta, 32; Augusta, 30; Charleston, 38; Jacksonville, 40; Macon, 32; Norfolk, 34; Raleigh, 28; Charlotte, 28; Richmond, 30; Savannah, 38; Knoxville, 26. The weather conditions as they appear from the map are as follows:

"The high pressure area of Saturday was central Sunday over the interior, and colder weather had spread southward with frosts in the east Gulf and South Atlantic States, and northern Florida. The high pressure area has continued its slow movement, and now extends from the Lakes southward to the East Gulf coast with freezing temperatures as far south as central Georgia. Heavy to killing frosts are reported in the southeast sections except northern Florida. Light frost occurred at Jacksonville.

"Temperatures are rising to the westward with the advance of a low pressure area."

DISMISSED THE HEARING

Exceptions Filed Before Governor as to Morganton State Institution Not Sustained—Cotton Mill Company Chartered.

(Special Star Correspondence.)

Raleigh, April 15.—Governor Glenn devoted nearly three hours today to hearing argument by counsel on exceptions to the recent report of the State Board of Internal Improvement, in which it was held that charges of mismanagement and other official acts meriting criticism had not been sustained in an investigation held before the board against Superintendent I McK. Goodwin, of the State School for the Deaf and Dumb at Morganton. W. A. Self of Hickory, appeared before the Governor in behalf of J. A. Tillinghast, of Columbia, S. C., who instituted the prosecution of Supt. Goodwin. J. N. Holding, of Raleigh, and J. F. Spainhour, of Hickory, appeared as counsel for Supt. Goodwin.

One of the principal exceptions was that the report of the Board of Internal Improvements left the impression that no part of the charge made that there had been a diversion of funds of the institution to the benefit of the superintendent and his family was sustained, when the evidence presented to the State Board showed clearly that there had been a diversion of funds in the erection of the superintendent's house, but that the charge that the diversion was not particularly for the benefit of the superintendent and his family was not sustained.

Another exception was to the findings of the State Board of Internal Improvement that there was nothing irregular in the action of the superintendent and directors of the institution in expending $500 for entertaining the National Association of Istructors of the Deaf and Dumb at Morganton in annual convention and the purchase of a large quantity of furniture, including mattresses and dressers.

At the conclusion of the hearing the Governor made a ruling in which he fully sustained the report of the State Board of Internal Improvements, thereby dismissing the whole matter.

It is a notable fact that one of the principal witnesses in the hearing against Supt. Goodwin was Miss Bell, the young lady member of the faculty who committed suicide last week. her body having been found in the woods near the institution with every evidence of suicide by drinking carbolic acid.

Charters are issued today for the Rhodes Manufacturing Company, of Lincolnton, capital $300,000, for the operation of cotton mills; J. M. Rhodes principal incorporator.

Another bevy of Scotch lads from 18 to 24 years old arrived yesterday from Scotland for the State Board of Internal Improvements, and were today assigned to prominent farmers in various parts of the State as farm helpers. There were nine of them, all bright, healthy looking fellows. Another squad has just sailed from Scotland, and will arrive in the next few weeks. There were applications on hand for many more that will be available for some time yet.

WALKER DIED ON GALLOWS

Fayetteville Negro Desperado Met Death Without a Tremor, Paying Penalty for Killing Two Brave Officers of Cumberland.

Fayetteville, N. C., April 15.—Tom Walker, the negro who killed Chief of Police Chason, Policeman Lockamy, and wounded Policeman Buckingham during the raid of a blind tiger at his house in the outskirts of this city early last month, today in Cumberland jail paid the death penalty for his terrible crime. Sheriff Watson officiated at the execution which was successful in every respect. The drop fell at 12:19 P. M., and thirty-eight minutes later he was pronounced dead by the physicians officially present. Walker met death coolly and shortly before the black cap was adjusted made a talk to several hundred negroes through a window that was open. He expressed penitence for his terrible deed, and said that he had made peace with his God. There were several colored ministers present and to them he signified his belief that he was going to heaven. His nerve was with him to the end. The execution was quiet and orderly, and, of course, was not public, as it was erroneously reported it would be. About 50 people all told were inside the jail when the hanging took place.

Sheriff Watson was besieged with requests for tickets to see the gruesome sight. He at first signified his purpose to issue only 25 of these, but as is usually the case there were a few more. Prior to hanging Walker eat and slept well, but much of the time he was awake he spent in singing and praying. The wound on his head inflicted by himself in an effort to commit suicide during his late trial was pretty well healed before he was led today to the execution.

—Mayor Waddell, who has been quite sick for some time, is still confined to his home. It is believed, however, that he is improving now, and will probably be out in a few days.

A young man, about 16 years old, who writes a plain hand, may secure a place for office work by applying at the Star office. Must have best recommendations. apr 14-3t.**

VERDICT QUALIFIED

Jury Reached Agreement in Smith Case Sunday Night in Superior Court.

IN FAVOR OF THE PLAINTIFF

Was, However, No Intentional Fraud—All Day Yesterday With Hearing of Lumber Company Against Rowe—Amusing Incident.

After deliberating nearly thirty-six hours on the issue submitted, in effect "Was the deed to the property in question procured by fraud?" the jury in the case of Miss Louisa B. Smith against Mrs. Susan E. Moore and others, returned a verdict shortly before 10 o'clock Sunday night in the Superior Court, awarding the property to the plaintiff, Miss Smith, but qualifying that part of the answer as to intentional fraud. The verdict was returned Sunday night after members of the jury had been out since Saturday at 12:15 P. M. All day Sunday they were kept together in the Court House and many outsiders were confidently expecting a mistrial. Instructions further were asked during the day, however, and shortly before the hour that Judge Long stated that he would come to the Court House Sunday night to ascertain what progress had been made, it was announced that an agreement had been reached. the entry as recorded on the clerk's docket in the case is as follows:

"Louisa B. Smith vs. Susan E. Moore, et al—Was the deed of March 3rd 1885 by Mary E. Smith and Louisa B. Smith to Roger Moore procured by fraud? To which the jury replied 'Yes.'

"At the time the issue above was answered as above set out, the same being the issue submitted by the court to the jury, the jury attached to the same upon a separate piece of paper and asked the court to consider the same in connection with their verdict thus rendered, whereon was written the following words: 'In answering the issue in the case yes, we distinctly exonerate Col. Roger Moore of any intentional fraud, it being agreed that the finding is made necessary under the charge of the court as to the law, and that the guilt is legal and not moral. We think the evidence shows conclusively that it was the wish and purpose of both Mrs. M. E. Smith and Miss Louisa B. Smith that the property in question should go to Roger Moore and his heirs after the death of both of them.'"

While the verdict is unquestionably for the plaintiff, the attorneys in the case are at a loss to know how to contsrue it. It is contended that the property is that of Miss Smith as long as she lives and then it reverts to the Frink estate. Others say the qualification appended by the jury as a matter of law does not affect the main answer of "yes" to the issue submitted and that Miss Smith has the right to sell the property or do what she pleases with it. Judge Long will rule on the interpretation of the verdict later. Counsel for defense will make a motion to set aside the verdict and will perhaps appeal to the Supreme Court in any event.

Yesterday the court was engaged all day in the continuation of the trial of Pittsburg Lumber Company against Z. P. Rowe, involving an indebtedness on the part of the defendant alleged to be something like $750. Messrs. Meares & Ruark appear for the plaintiffs and Messrs. Stevens, Beasley & Weeks for the defendant, Mr. Rowe. Mr. M. D. Hayes, of Pittsburg, is here to look after the interests of the Pittsburg Lumber Company, which is no longer in business. Yesterday afternoon at 5:30 o'clock all the evidence was in except one or two witnesses that the plaintiff will put on this morning. Then the argument to the jury will begin and it is expected that this will be finished about noon. Messrs. O. B. Johnson, A. B. Croom, Julius Sternberger and E. J. Lanier were the last witnesses for the defendant yesterday afternoon, these having testified to the character of Mr. Rowe.

While the court was in the midst of the case yesterday an amusing incident occurred. The ears of the court and counsel of a sudden during a lull in the proceedings were assailed by sonorous breathing from the benches set aside for the spectators. Judge Long paused long enough to say that they would have no concert of that kind without due advertisement and he instructed Jailer Capps to go over and interrupt the snooze of a well dressed stranger who had dropped in to hear the case and had been overcome by sleep in the warm room. The stranger had a rude awakening by the jailer and was escorted to the door. He was glad to get a whiff of the fresh atmosphere and escape a fine by His Honor for disturbing the court.

The only other cases disposed of yesterday were continuances in the following: Murchison National Bank against Dunn Oil Mills Company and Murchison National Bank against Dunn Oil Mills and J. D. Barnes. The case of W. A. Smith against the Western Union Telegraph Company was continued by consent.

An order was made for the expense of the jury for 32.50 board bill at The Orton to be taxed with the costs in the case of Smith against Moore to be paid with other court costs.

Court will reconvene this morning at 9:30 o'clock.

ROBERT H. BEERY DEAD

Well Known Citizen and Prominent Churchman Passed Away Last Night Following Operation for Appendicitis at Hospital.

Following an operation for appendicitis at the James Walker Memorial Hospital Thursday morning at 11 o'clock, Mr. Robert H. Beery, one of Wilmington's most highly esteemed citizens, a devout churchman and a leading business man, passed away last night at the hospital at 10:05 o'clock. The news of Mr. Beery's death will come as a sad blow to a great many friends here and elsewhere. Immediately following the operation the patient's condition showed continued improvement and it was thought that it was only a question of a few days until he would be able to be up again. He continued to improve until early yesterday morning when he had a turn for the worse and he sank slowly all during the day, death coming to end his sufferings at the hour indicated. Mr. Beery had been a sufferer with appendicitis for several years and while the last attack was not acute and he was able to walk out to the hospital for the operation, the disease had so far progressed as to make his case an extremely dangerous one. His removal by death is a great loss to the community and his kindly presence in the family circle, in his church and the community will be keenly missed.

Mr. Peery was 56 years of age and had lived in Wilmington practically all his life. For the past twenty-five or thirty years he had been engaged in business here and was at the time of his death senior member of the firm of R. H. Beery & Blake, dealers in stoves and general hardware on Market street, building up a large retail business and a reputation for honest dealing and for strong character that will be a priceless heritage to his family and friends. Early in life Mr. Beery married Miss Lida T. Grafflin, a daughter of the late Col. Christopher Grafflin, and she survives him with one brother, Mr. B. W. Beery,

COTTON WAREHOUSE PLAN.

The Star has recently contained items about the organization of cotton holding and warehouse companies under the plan of the Southern Cotton Association. We refer to such companies organiezd in North Carolina, and it is understood that considerable interest is now being aroused in this plan of the Cotton Association to hold up the price of cotton. Several such companies have been organized in this State during the past few weeks. An effort is on foot in Charlotte to organize a holding and warehouse company, and concerning the plan President C. C. Moore, of the North Carolina division of the Southern Cotton Association, has this to say to the Charlotte Observer:

"There is no question but that a warehouse in Charlotte for the storage of cotton at times of a disturbed market would be a paying investment in actual dollars and cents to the promoters. Perhaps I can better demonstrate this by illustration. Suppose the National Executive Committee of the Southern Cotton Association fixes the minimum price for cotton next season at 10 cents. I say 10 cents for illustration only, and not as an expression of opinion that the price should be or will be such. Suppose, with the minimum price 10 cents, the market should decline to 9 1-2 cents. The buyer of the warehouse and holding company would then go out on the streets and purchase all of the cotton brought into Charlotte at a figure a few points above that offered by the other buyers. If the market price was 9 1-2 cents, this buyer would probably pay 9 5-8 for his cotton. It would then be hauled direct to the warehouse owned by the company and stored there until the market went to 10 cents and over. It then would be sold. The difference between the purchase price, 9 5-8 cents, and the selling price, 10 cents, less the carrying charges, would be profit. This profit would be distributed pro rata among the stockholders at the regular meeting appointed for that purpose.

"Now to the point. Suppose two farmers, one a stockholder in the warehouse and holding company and the other, an outsider, should bring their cotton to Charlotte for sale on the same day when the price was 9 1-2 cents. Both would sell to the buyer at 9 5-8. They could pocket the money and go off. The outsider would never think any more about his cotton. He secured the top of the market for his product and that was all. But the other farmer would come in again for his share. When the dividends were prorated out, he would secure not only the profit accruing from the second sale of his cotton, but he would share equally with the other stockholders in the profits derived from the second sale of the cotton purchased from farmers not stockholders. Hence his profits would be large.

"It will require approximately $150,000 to build and equip a suitable warehouse and supply funds for the purchase of cotton on a distressed market in Charlotte This is $5 a bale for 30,000 bales of cotton.

"I do not anticipate any serious difficulty in securing required funds when the business men and farmers know the advantages to be derived. This movement is spreading like wild fire all over the cotton belt. Those who are high in the councils of the Southern Cotton Association believe that this warehouse and holding plan is the most feasible yet devised for maintaining a fair and equitable price for the staple."

Of course, the price of cotton might go down on the warehouse people, but whatever advance there will be over the price prevailing at the time cotton is stored will be profit to the stockholders and storers of cotton. Should the price fall below, the pro rata loss, it is claimed, will be small in the aggregate, with the probability, however, that under the plan the chance for losing is small.

MEXICAN VETERANS' REUNION.

There is something melancholly in the announcement that a reunion of the oldest living soldiers of the United States is scheduled at Jamestown Exposition. The Baltimore Sun says:

"The Jamestown Exposition has assigned August 23 as Mexican War Veterans' Day, and has offered the use of the Exposition auditorium or convention hall. The National Association of the Veterans of the Mexican War will meet there. There will be present veterans from many States, although the average age is now 86 years. The reunion will be notable, being a gathering of such old men to meet their comrades, in all probability for the lact time, to recall the incidents of the campaign of 60 years ago. In that army that went to Mexico—about 70,000 men, regulars and volunteers—there are now only about 3,000 who survive, and those who are able will, no doubt, make an effort to be in attendance at the reunion."

When it is remembered that the Mexican war occurred 60 years ago, and that young soldiers then 25 years of age are now 85 years old, it can be imagined how few there will be who will be able to be present. There are a few Mexican War Vterans scattered throughout North Carolina, and it would be interesting to know just how many of these old soldiers there are now in the State. If we are not mistaken, the venerable Col. John L. Cantwell is now the only surviving Mexican veteran in Wilmington.

EXPENSE OF THAW TRIAL.

It costs something to try a millionaire who commits murder. Up to the close of the mistrial of Harry K. Thaw charged with the murder of Stanford White in New York, the cost was scheduled at $308,486. That indefense. The cost, it is stated, is as deefnse. The cost, it is stated, is as follows:

The Defense—Experts, $45,000; fees (chief counsel), $100,000; assistant ccunsel, $40,000; original lawyers, $20,000; detectives, etc., $15,000; prisoner's meals, $1,500; traveling expenses, $1,000; cables, etc., $2,500; tracing testimony, $10,000. Total, $235,000.

The State—Experts, $22,000; jury fees and expenses, $6,736; district attorney's salary, $3,000; assistant and clerks, $3,875; judge's salary, $4,375; witness fees, $10,000; stenographers, $4,500; court attaches, $3,000; detective service, $16,000. Total, $73,486.

The probability is that the case will cost a half million or more dollars before we see the end of it.

CURRENT COMMENT.

—The war in Central America is over—for the time being—Durham Herald.

—You are not going to catch Mr. Roosevelt. He knows what usually happens to folks who accept presidential nominations at the hands of the Democratic party.—Durham Herald.

Mr. Bryan did not admit in his speech, although he was practically invited to do so by Senator Carmack's remarks, that government ownership of railroads was simply an academic question.—Chattanooga Times.

—We see that President Roosevelt is still appointing negroes to Federal offices, even although the administration has decided that the negro is undesirable as a private in the army in the United States.—Raleigh Times.

—"Why should men teachers receive more than women teachers who do the same work?" queries the Buffalo Courier. Only because the women teachers seem willing to stand for that sort of injustice.—The Commoner.

—Mrs. Carrie Nation gave a building to the associated charities of Kansas City some years ago and now she offers to employ nurses for abandoned children, but she will still be ridiculed by many who themselves give nothing to help the unfortunate.—The Commoner.

—Charters for ten new business concerns for Winston-Salem were secured during the first three months of 1907. And nearly every one of these charters was for a concern of large proportions. We venture the assertion that few cities of like size make a better showing than this for the same period.—Winston-Salem Sentinel.

—All this talk about the "ring" is the cheapest kind of demagoguey. The men who are accused of forming the "ring" are the men who passed the primary law giving every citizen of high or low estate an absolutely equal voice in the selection of the party candidates. This law took the control of the party affairs out of the hands of some of the very fellows who are now shouting "ring." The people know a thing or two. — Charlotte News.

—The promise is that the President will distinguish himself at Jamestown by delivering a speech in which there will be no politics. He will pass over the Ohio situation, the Brownsville investigation, the Chattanooga banquet, the "Dear Maria" episode, the Von Claussen affair, the Annanias Club, the Thaw trial and whatever else may be in the public mind, and devote himself to an historical discussion of the reasons for the Jamestown Exposition. Doubtless it will cost the President many pangs to lose such an occasion for airing some of his favorite opinions.—Savannah News.

TWINKLINGS.

—"Little sharp, today," observed the man who advertises. "Little dull around here," responded the man who does not.—Louisville Courier-Journal.

—Deacon Wigg—Now that was a finished discourse. Farmer Wagg—Yes; but do you know, I thought it never would be.—Judge.

—"Yessir, I helps support a large family." "You old fraud, you're not married." "But I patronizes a saloonkeeper wot is."—Washington Herald.

—The ardent Frenchman looked tenderly at the fair young mistress of his soul. "Je t'adore!" he murmured. "Maybe I'd better," she returned. "You can't never tell who's listening in this yere house."—Baltimore American.

—The acquitted woman (young and pretty) kissed her lawyer. "Madam," said he, with an attempt at firmness, "my stipulation was that there should be no fee in this case. You must permit me to return it."—Philadelphia Ledger.

—"You want a thoroughly conscientious man to represent you in Congress, do you not?" "Yes," answered Farmer Corntossel, "but it seems like that part isn't always as important as havin' a good talker that kin land appropriations."—Washington Star.

—After having hoarded money many years, a miser died. His relatives were interested, but none wept. The miser's fortune was supposed to be a half million. Under scrutniy, it shrank to a few thousands. Then the relatives wept, all right.—Philadelphia Ledger.

—"It appears to me," remarked the tourist, "that the superficial aspect of your community is misleading as an index of its sterling basic qualities." "Stranger," said Three-finger Sam, "if you're goin' to linger around here you want to talk quicker'n that. Too many men has been accusin' others of falsifyin' an' gettin' away with it under cover of big words."—Washington tar.

At Riga, Russia, yesterday, there was a serious mutiny in the prison. Thirty-three inmates attacked and overcame the superintendent and wardens of the establishment. Troops were summoned and they fired, killing seven of the mutineers and wounding twelve. Nine soldiers sustained wounds in the affray, which lasted an hour. The superintendent of the prison was badly beaten.

Alexander Necula, 29 years old, was shot and killed, and Mary Canzanno, 25 years old, mortally wounded Friday night at Clevelond, O., by John Canzanno, the woman's husband, in a boarding house where Canzanno is said to have found the couple shortly before midnight. Necula made an effort to escape, but was shot several times. Canzanno then turned the revolver upon his wife. It is said she will die. Canzanno escaped.

APPEARING OLD

...ems as a Bar to Profitable Employment.

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use

Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute—there is none.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co. Detroit, Mich.

BILL AS TO RECORDER

(Continued from first page.)

shall sentence the defendant to the county jail of New Hanover county to be worked upon the public roads of said county until such sentence has been complied with, or fine or cost paid in cash.

Sec. 11. Said Recorder shall preside over said court and try and determine all actions coming before him, the jurisdiction of which is conferred by this act, except in cases where he is legally incompetent to try the same, in which case the said case shall be upon application of the defendant, removed for trial, to such other court of the county of New Hanover as would, but for this act, have jurisdiction of the same. Such legal incompetency shall be considered to mean only such incompetency as would disqualify a judge of the Superior Court to try under the same circumstance, a case pending in such last mentioned court.

Sec. 12. The proceedings of the said court shall be the same as are now, or may hereafter be prescribed. by law, for courts of justices of the peace, and in all cases there shall be a right to appeal, on part of defendant adjudged guilty, to the next term of the Superior Court of New Hanover county, and in all such cases of appeal the defendant shall be required to give bond with sufficient surety to insure the defendant's appearance at the next succeeding term of the Superior Court, and in default thereof, said Recorder shall commit each defendant to the common jail of New Hanover county until such defendant shall give said bond, or be otherwise discharged according to law.

Sec. 13. Said court shall also have jurisdiction to try all actions for the recovery of any penalty, imposed by law or this act, or by any ordinances of the city of Wilmington, for any act done within said city of Wilmington, and said penalty shall be sued for and recovered in the name of the City ofWilmington, and if incurred by a minor, shall be recovered from and in an action against the parent or guardian. From any judgment for such penalty imposed, or allowed to be imposed by this act, or for the violation of any ordinance of the City of Wilmongton, either party may appeal to the next term of the Superior Cour of New Hanover in like manner, and under the same rules and regulations as are prescribed for appeals from justices of the peace, and in case the Recorder shall be disabled by reason of relationship, or is otherwise incompetent to hear and determine such action, the same may be instituted and prosecuted in any court within the county of New Hanover, which would but for this act, have jurisdiction thereof, under the same rules and regulations as if instituted and tried in said Recorder's Court where applicable.

In all cases where judgment may be entered up against any person for fines or penalties according to law, and the ordinances of said City of Wilmington, and the person or persons against whom same is adjudged refuses, fails, or are unable to pay such judgment, it shall be lawful for the Recorder of said court to order and require said person or persons to be worked on the public roads of said county of New Hanover, until at a fair rate of wages, such person or persons shall have worked out the full amount of such judgment and costs.

Sec. 14. The said court shall have a seal with the impression "The Recorder's Court of the City of Wilmington," which seal shall be used in attestation of writs, warrants, summons or other proceedings, or act, judgment or decrees of said court, in the same manner and to the same effect as the seal of other courts in the State of North Carolina.

Sec. 15. That the Recorder may issue his process to the Chief of Police or to the city police, of the City of Wilmington, or to the sheriff, constable or other lawful officer of the county of New Hanover, and such process, when attested by the seal of the Recorder's Court shall run anywhere in the State of North Carolina, and the same shall be duly executed by all officers according to law.

Sec. 16. The Board of Aldermen of the City of Wilmington, and the Board of Commissioners of New Hanover County, in joint meeting, each board being entitled to five votes and each member of each board to its fractional part thereof, are hereby authorized and directed to elect a citizen of the county of New Hanover to fill the office of Substitute Recorder, which is hereby created. The term of office of said Substitute Recorder shall be concurrent with that of the said Recorder; and any vacancy occurring in said office of Recorder shall be filled by the said Board of Aldermen and the said Board of County Commissioners, in joint meeting assembled, being entitled to the votes, as hereinbefore set forth.

Sec. 17. Said Substitute Recorder shall receive in full compensation for his services the sum of five dollars per day for such time as he may be actually engaged in the performance of the duties of said Recorder, the same to be deducted from the salary of said Recorder, and not to exceed in any calendar month the full salary of said Recorder for the month.

Should the Recorder of said court be prevented from attending the said court on account of sickness, or other temporary disability, or by absence from the City of Wilmington, then in that case said Substitute Recorder elected, as hereinbefore provided, shall have all the jurisdiction, power and authority herein conferred upon the duly elected Recorder of said court.

Sec. 18. The Recorder of said court shall be allowed such costs as are allowed by law in similar proceedings before justices of the peace, as near as may be, and the clerk of said court shall be allowed such costs as are allowed by law in similar proceedings to the clerks of the Superior Courts of North Carolina: Provided, however, that all costs recovered and collected in said court shall belong jointly to the said City of Wilmington and to the County of New Hanover, and shall be turned over by the officer collecting the same within ten days after collection, one-half to the treasurer of said city and the remainder to the treasurer of said county; Provided, further, however, that all the fees allowed by law for an arrest or service of other process in a criminal action to the constables and sheriffs when the same shall have been made by the Chief of Police, or any of the city police, shall be paid over to the treasurer of the City of Wilmington, or the use of said city.

Sec. 19. That the clerk of the said court shall, before entering upon the discharge of his duties as such clerk, enter into a bond with good and sufficient surety in the sum of twenty-five hundred dollars, for the true and faithful performance of his duties as said clerk.

Letlow said that Sykes used abusive language to his mother about the use of a buggy shed and that he went out after him and delivered him a drubbing with his fist. Sykes then swore out a warrant for Oliver Fisher, colored, charged him with having aided and abetted Letlow in the assault. The latter case will come up before Justice Bornemann this afternoon.

FUNERAL OF MR. STEVENSON.

Distinguished Honors Paid to Wilmington Citizen Yesterday.

In the presence of a large assemblage of friends at 10:30 o'clock yesterday morning in the First Baptist Church of which he was for so long a constant member, the beautiful Episcopal order for the burial of the dead was impressively said over the remains of the late Mr. James C. Stevenson, whose sad death cast such a gloom over the community Saturday. The Rev. R. W. Hogue, rector of St. James' parish, assisted by the Rev. A. D. McClure, D. D., officiated at the services and the funeral hymns were beautifully rendered by a special choir composed of Mrs. J. D. Edwards, Mrs. F. A. Muse, Mr. Greene Fenley and Mr. Alex S. Holden. A large number of very handsome floral tributes were in evidence. Cape Fear Camp, United Confederate Veterans, of which Mr. Stevenson was a member, assembled at the armory and attended the services in a body. In honor of Mr. Stevenson, who was chairman of School Committee No. 2, all the public schools in that district suspended exercises for the day and many of the pupils and teachers were present at the services.

At the Sunday morning services at the church the pastor, Rev. Fred D. Hale, D. D., preached a memorial sermon, paying high tribute to the deceased, the text being "Thou Shalt Be Missed, Because Thy Seat Will Be Empty." The pew which Mr. Stevenson occupied so long in the church was appropriately draped in mourning in his honor. Dr. Hale said that the service would be in the nature of a memorial and that on the following morning in deference to his family, all of whom are members of that denomination, the Episcopal service would be used.

The interment was in Oakdale Cemetery, the pall-bearers having been —Honorary, Drs. Geo. G. Thomas, A. H. Harriss, A. M. Baldwin and Messrs. H. C. McQueen, George Rountree, Jno. E. Crow and R. J. Jones; active, Messrs. Jas. H. Chadbourn, M. J. Corbett, R. N. Sweet, R. W. Hicks, T. D. Meares and Col. Walker Taylor.

ROBERT H. BEERY DEAD

(Continued From First Page.)

of Portsmouth, Ohio, and three sisters, Mrs. J. A. Fore, of Charlotte, and Mrs. W. A. Willson, Sr., and Mrs. Roger Moore, of this city, and they have the tenderest sympathy of all in their sorrow.

Mr. Beery was one of the founders and most active workers in Market Street M. E. Church and his death is a blow to that congregation from which it will never recover. It was largely through Mr. Beery's efforts and influence that the proposed new house of worship will be built. He had served the church in an official capacity for some years and was also active with his bereaved widow in all the work of the Sunday School and among the young people. For some years Mr. Beery was captain of the Wilmington Light Infantry and took an active interest in the military of the State. He is now a member of the Reserve Corps of the W. L. I. and has ever been one of the company's staunchest friends. He was also a member of Live Oak Camp, Woodmen of the World, of this city, and was at one time an officer of the same. In all these organizations his death will be received with sorrow.

The remains of Mr. Beery were removed last night to his rsidence, No. 801 Princss street, where a large number of friends called to pay their respects and to offer their condolences to the bereaved ones.

Rev. J. W. Potter, former pastor of Market Street M. E. Church and a close personal friend of Mr. Beery, has been telegraphed at Morehead City to come and assist Rev. W. L. Rexford, the pastor, in the funeral services which will be conducted some time tomorrow. Mr. Beery was a member of the Board of Stewards of the Church, secretary and treasurer of the Building Committee having in charge the new house of worship and was also superintendent of the Sunday School. With his church, Mr. Beery's death is considered nothing short of a calamity.

M., will be put on between Rocky Mount and Norfolk. Then the morning train to Norfolk will be moved up in schedule to leave at 9:15 A. Adams, of the Revenue Cutter Seminole, have been transferred to the Revenue Cutter Thetis, stationed at Sausalito, Cal., and left last night for Washington, D. C., where they will spend a few days before going to California to assume their new duties. It is their expectation to join the Thetis May 1st, and about the middle of next month leave for a six months' cruise in the Bering Sea. First Assistant Engineer Lorenzo Chase Farwell will arrive here on Wednesday to assume the duties of the position made vacant by Mr. Adams' transfer. Mrs. Adams will not accompany her husband to the Pacific coast for the present at least.

CONDUCTOR SHINES BEATEN.

Unprovoked Assault, Upon Him by Five Sailors Last Night.

Five sailors from aboard one of the ships lying in the harbor made a vicious attack upon Atlantic Coast Line Conductor Shines in front of the Delmonico Cafe, on Front street, this morning shortly after midnight. The sailors had just had lunch in the cafe and in paying for the same at the cashier's desk near the front, they were vile and abusive to Nicolas Steggas, a Greek waiter in the place. They finally went out front and were using loud and profane language towards the waiter when Capt. Shines, who is a regular patron of the place and didn't want to see the waiter imposed upon, approached them and asked them to dry up. One struck the conductor across the nose with a stick of sugar cane which he had brought from aboard the ship, felling him to the ground. Steggas says they each then drew pistols and began to beat on Capt. Shines. When they had beaten him fearfully about the face, they heard a summons for the police and ran down the street, turning into Chestnut toward the wharf. Officers came in response to a summons, but the sailors had made their escape. It is likely that they will be located and and arrested today. Capt. Shines was taken to a physician, where his wounds were dressed.

Negro Fined $10 and Costs.

The case of David Shepard, the negro who was found in Mrs. Humphrey's bed room, on Dawson street, Saturday night, came up before Justice Bornemann yesterday morning. The evidence against him was conclusive, but the court believed that he was drunk at the time, so he was only fined $10 and costs, the whole being $16. Herbert McClammy, Esq., who represented the negro, vigorously opposed this, saying that it was exorbitant, but it was the justice's opinion that he was letting the prisoner off very light, and the sentence was not lightened. The case was appealed, and Shepard gave bail in the sum of $25 for his appearance at the Superior Court.

Fire Last Night.

The telephone alarm of fire at 11 o'clock last night was on account of a blaze on the third floor of one of the buildings owned by the Evans estate at 117 Princess street, occupied by John Heritos, the Greek proprietor of the Dixie Cafe. The cause was a defective flue and much of the ceiling had to be torn down on the third floor to get at the fire which was extinguished by means of the chemical engine without the use of water. The damage to the building is about $100, covered by insurance. Heritos occupies the rooms on the third floor for sleeping and the contents of these were damaged about $25 with no insurance.

Presented to Judge Bornemann.

An incident which bespeaks the high esteem in which Justice Bornemann is held by the theatrical profession occurred last night at the Academy of Music just before the performance. The "judge" presented himself at the door for admission bedecked with a flaming red necktie, when the ushers jokingly informed him that red neckties could not be worn at the performance and at the same time sent post haste to the nearest store and purchased a nice sky-blue tie. The "judge" was fitted up of the ushers and was permitted to enter amdist the applause of a large crowd of onlookers.

Bishop Strange in Fayetteville.

Rt. Rev. Robert Strange, D. D., bishop of East Carolina, who spent the past week in Fayetteville, on Sunday made official visitations to the parishes there and in that vicinity. He administered the Holy rite of confirmation of St. John's Sunday morning and at St. Joseph's in the evening. On Friday night he made his annual visitation to St. Philip's the Apostle, in Campbellton, of which Rev. F. N. Skinner, formerly of Wilmington, is now rector. A class of three was confirmed at St. Philip's.

APRIL COLD DESTRUCTIVE.

Fruit and Cotton Badly Injured in Georgia and Virginia.

Atlanta, Ga., April 15.—The cold weather of the past three days extending throughout the State of Georgia and reaching as far South as Jacksonville, Fla., appears to have done enormous damage to fruit and vegetables, and injured cotton to a considerable extent. The lowest temperature ever reached here in April, 28 1-2 degrees above zero, was reached here Sunday morning. Sunday night the freezing point was reached. Ice was formed here and killing frost is reported some distance south of Macon. Reports indicate great damage to peaches through the northern part of the State.

Danville, Va., April 15.—The recent cold weather experienced in Danville and vicinity during the past several days has done great damage to fruit trees and to growing vegetation. Reports from the surrounding country are that practically all of the peach, plum, cherry and pear crops have been destroyed. The apple crop in this section has not suffered much.

IMMENSE FLEET AT JAMESTOWN.

Twenty-two American Warships to Receive Foreign Arrivals.

Norfolk, Va., April 15.—The North Atlantic fleet, composed of fourteen battleships and three cruisers under the command of Rear Admiral Robley D. Evans, is now anchored in Hampton Roads ready to receive the fleets of foreign powers which will attend the opening of the Jamestown Exposition. The bulk of the fleet passed in the capes at 3:50 this afternoon. The battleships Connecticut and Texas, and the cruisers Washington, Tennessee and Brooklyn, were awaiting them. The other vessels are the Main, Indiana, Ohio, New Jersey, Louisiana, Missouri, Georgia, Rhode Island, Kearsarge, Kentucky, Illinois, Alabama and Iowa.

Really Worth Reading.

At certain times in the year, and particularly a month or two before the Christmas holidays, new books come into newspaper offices for review faster than any one man can possibly read and review them with justice either to himself or the books. He glances through them hastily, unless they are by noted authors, gets a salient point here and there and "writes them up" as best he can. Then he forgets all about them.

"A friend came to me one day and expressed his gratification at the way I had written up a new novel by a comparatively unknown author," said the literary editor of a Chicago paper.

"'You expressed my idea of it exactly,' he said. 'It is one of the remarkable books of the year. The plot is absolutely unique, the treatment of it is bold and original and the dialogue crisp and delightful. It will make a great hit.'

"'Well,' I said, 'if it is as good as all that I'll read it.'"—Youth's Companion.

How the Gems Rank.

In the gem kingdom the ruby, the diamond, the emerald and the sapphire constitute "the big four" and take precedence—and in the order named—of all other precious stones. The pearl is of course not a stone. It has a standard of its own. The expert test of the gem is its color, its degree of clearness and its perfection of cutting. Upon the last depends its brilliancy. In the diamond the "brilliant" cutting holds first place. The other stones are cut altogether differently—they are crystallized in different systems—in fact, they differ in another respect, the diamonds being a mineral carbon, the finer ruby (the oriental) a variety of corundum, the emerald a variety of beryl and the sapphire a colored variety of corundum. What is technically known as the "step cut" is an essential to bring out the fire of the last three.—New York Tribune.

How the Pulse Varies.

The human pulse has rather a wide range, but the general average may be put about as follows: At birth, 140; at two years, 100; at from sixteen to nineteen years, 80; at manhood, 75; old age, 60. There are, however, great variations consistent with health. Napoleon's pulse is said to have been only forty-four in the minute. A case is also related of a healthy man of eighty-seven whose pulse was seldom over thirty during the last two years of his life and sometimes not more than twenty-eight. Another man of eighty-seven years of age enjoyed good health and spirits with a pulse of twenty-nine, and there is also on record the curious instance of a man whose pulse in health was never more than forty-five, and, to be consistent in his inconsistency, when he had fever his pulse fell to forty instead of rising, as is usual.

Wrestling For Exercise.

Wrestling, the "microcosmos of gymnastics," is a fine form of bodily exercise for those who enjoy hard muscular work after the tedious business hours of the day and may be practiced—adapting it to circumstances—by the man of a ripe age as well as by the boy of ten or twelve, especially the form known in this country as catch-as-catch-can (which is about identical to one form of Swiss wrestling). I exchanged the Greco-Roman (or German gymnastic) style for this one about twelve years ago, and I was then over forty years old, and still enjoy it much if my opponent is of my own weight or a little lighter and if it is deprived of its potential roughness by a gentlemanly spirit of the partners.—New York Medical Journal.

Precautions of Old Time Doctors.

It was formerly the practice among physicians to carry a cane having a hollow head, the top of which was gold, pierced with holes like a pepper box. The top contained a small amount of aromatic powder or of snuff, and on entering the house or room where a disease supposed to be infectious prevailed the doctor would strike his cane on the floor to agitate the powder and then apply it to his nose; hence all the old prints of physicians represent them with canes to their noses.

A Marriage Warning.

In Germany all marriages have to be contracted before a register previous to the ceremony in church, which is optional. The law requires public notice to be given of the match, and this notice is generally exhibited in a box hung up at the town hall or other municipal building. The following official announcement appeared lately in a small town: "From today there is fixed at the town hall the new box, in which all those who intend to enter the married state will be hung."

Not Labor Lost.

The safe bore a paper stating that there was nothing of value within. Nevertheless the burglar blew the receptacle open, finding the statement correct. "Well," he remarked, gathering up his tools, "it's worth something to ascertain that there are still people who tell the truth."—Philadelphia Ledger.

The Opportunity.

Opportunity has all her hair on her forehead, but when she has passed you cannot call her back. She has no tuft whereby you can lay hold on her, for she is bald on the back part of her head and never returns.—Francois Rabelais.

The weakest living creature by concentrating his powers on a single object can accomplish something; the strongest by dispersing his over many may fail to accomplish anything.—Carlyle.

FALSE ALARM OF FIRE.

A Peril Always to Be Met Promptly on Board Ship.

It was on board the Northern Light, says Captain Osbon in "A Sailor of Fortune," that a false alarm of fire was sounded and disaster prevented only by prompt action. A passenger, looking down through the boiler hatch, saw the red painted boiler fronts and, seeing the flamelike color amid a cloud of steam, shouted, "Fire!" Immediately the whole vessel was in an uproar, and a dangerous panic was imminent. I was one of the underofficers.

The climax came when the quartermaster saw a minister of the gospel on the rail trying to lower the bow of one of the ship's boats. I ran to him and ordered him to come down on deck. The minister paid no attention, and I seized his coat tail to drag him down by force.

Perhaps it was an old coat, for the seams parted, and a second later I had the ministerial coat tail in my hands. He came down then. He was angry and was likewise a spectacle to look upon.

He started to call an indignation meeting, but most of the passengers had recovered from their fright by this time and were inclined to be merry at the reverend gentleman's expense.

He went raging to the captain, who summoned me to appear. I came, still carrying the coat tail in my hand.

"Mr. Osbon," he said, "what are your orders in case of a false alarm of fire?"

"My orders," I said, "are to stop it by any means necessary. I may knock a man down, throttle him or split him wide open."

The captain turned to the irate minister.

"Those are Mr. Osbon's orders," he said. "You are fortunate that it was only your coat that was split open."

The danger from the false alarm of fire on shipboard is second only to the real thing and is always a peril to be met promptly.

SPEED OF FISHES.

Tarpon, Shark and Mackerel Are the Swiftest of Swimmers.

When scientists desire to find out how fast a certain bird flies, it is necessary only to set up poles and note by stop watches the time the bird requires to cross the interval. The speed of fishes is more difficult to ascertain. Nevertheless, as the Saturday Evening Post explains, estimates have been made showing that the mackerel, considering its handicap in size, comes close to being the champion racer.

Unquestionably the mackerel travels sometimes as fast as an express train at high speed—say, at the rate of sixty or possibly seventy miles an hour. Other things being equal, the larger the fish the faster it swims, just as the huge steamboat is able to travel at a speed much greater than the little harbor tug.

Undoubtedly the energy employed by a fish of great size, such as a thirty foot shark, when traveling at its best gait is something tremendous. An ordinary tug, which represents a maximum of energy in a minimum of bulk, utilizes about 200 horsepower. Of course it is only a guess, but it would not seem to be over the mark to suppose that a seventy foot whale makes use of 500 horsepower when it propels its huge bulk through the water at a rate of thirty miles an hour.

A whale, which is a mammal and not a fish, might be compared to a freight train if the shark is a cannon ball express, but it can beat the fastest "ocean greyhound" in a speed contest.

The tarpon is probably faster than the shark. It is believed that a tarpon in a hurry can travel at the rate of eighty miles an hour.

An Interrogation.

While dining with friends in Cambridge, Bishop Phillips Brooks described with much enthusiasm a college service he had recently attended. "It was an inspiration to see all those young men singing so heartily. Especially they seemed to throw their whole souls into the hymn:

"Am I a soldier of the cross,
A follower of the Lamb?

Even Dr. X., the president of the college, sang as if he felt the contagion of inspiration." "Dr. X. sang that?" broke in an incredulous listener. "Does Dr. X. believe that?" "Oh, no," replied Bishop Brooks quickly. "He was merely asking for information."

An Act of Heroism.

On one occasion General Lee, while making an observation, stepped to a somewhat exposed position to secure a better view and thus stood for a moment at personal risk when General Gracie, who was in the party, quietly stepped before General Lee without obscuring his view and remained thus covering the body of his superior until the fieldglass was lowered and the danger over—a simple, quiet act, but showing cool bravery and a self sacrificing spirit.

The Limit.

It was just a plain lying contest, but the prize was to go to the man who told his lie most briefly and casually.

"I came in on a suburban train this morning," said the prize winner, "and as I hastily flung up a car window"—

WRECK IN PHILADELPHIA.

One Man Killed and Burned Under Debris.

Philadelphia, April 15.—Guiseppe Gaspiro was killed and ten other Italian laborers were injured in a collision between construction train on the new Philadelphia Western Railroad tonight just outside the city limits. A locomotive and a flat car going west from the terminus of the road at 69th and Market streets, in the city, ran into a similar train coming east. The flat cars on both trains were filled with workmen. After the collision the eastbound train ran backwards down a long grade and jumped the track. Guiseppe Gaspiro was burned under the debris.

SPIRITS TURPENTINE

—Fayetteville, April 13: The directors of the Fayetteville Southern Life Insurance Company held their meeting yesterday afternoon. This company has had phenomenal success from the start, under the abe management of Mr. C. J. Cooper.

—At a special meeting of the citizens of Beaufort a committee was appointed to arrange for a big celebration when the railroad is completed and the depot at Beaufort is opened. Another mass meeting is to be held next Friday when the ladies will attend to participate.

—Pollocksville, April 12: John Dove, colored, a man working for the Roper Lumber Company, was killed today about 12 o'clock at their mill or log landing at this place whilte unloading the cars of logs he became entangled in some way while tripping the fastenings and was killed by the carload of logs rolling over his body.

—Raleigh, April 14: Last year the house which stood in Raleigh and in which President Andrew Johnson was born was purchased through a gift made by Mr. George Foster Peabody, of Virginia, moved to Pullen Park and there very carefully restored. It is the plan to make it a museum of relics of the President, but as to this latter feature nothing has yet been done.

—Fayetteville, April 13: Mr. Frank McNeill, chairman of the corporation commission, was here yesterday at the request of truckers and other shippers of perishable goods. Complaint is made that No. 80, the northbound day train on the Atlantic Coast Line, will stop here only eight minutes, leaving lettuce and other truck on the platform. Mr. McNeill heard the complaints and promised a remedy.

—At Goldsboro on Saturday afternoon Will Casey was acquitted on an indictment for murder in the second degree for killing Gordon Hurst in Goldsboro on the 17th of February. The plea was self-defence, the prisoner being ably defended. Ex-Governor Charles B. Aycock, W. T. Dortch and Col. I. F. Dortch, Solicitor Jones was assisted in the prosecution by ex-Judge W. S. O'B. Robinson and Tyson Dortch. The trial which began Thursday afternoon.

—High Point, April 12: Five families of Hungarians will move to High Point from Pennsylvania and settle on a farm four miles out. Mr. John W. Wilborn, of this city, who has been corresponding with a family of Hungarians for some time, has made a deal with them, and this family accompanied by four other families, will come here at an early date. A farm of 127 acres has been secured for them. These newcomers are from Northampton, Pa.

—Louisburg, April 13: A difficulty occurred here this afternoon at 5 o'clock between a white man named Abbott and a negro named James Fogg. Abbott was knocked down and the negro ran away. Chief of Police High attempted to arrest Fogg, who came back for help and with two others overtook the negro and, in attempting to arrest him, the negro was shot three or four times with a shotgun before he would yield. His injuries are no fatal. Fogg was tried for the murder of a negro woman about four years ago, and was acquitted, though it is the general impression that he was guilty. He is a desperate character.

—Mount Holly, April 13.: Mr. Albert P. Lentz, a prominent and well-to-do citizen, was scalded to death this morning while at work at his brickyard. Mr. Lentz's brick yard is almost completed. The making of brick will begin within a few weeks and nearly all the machinery is in order. The engines were all being tested this morning, and Mr. Lentz discovering a leak in the blow pipe, endeavored to fix it. To get to the pipe he was compelled to get under the water tank which is boxed in. When he tightened the tap the threads broke and the contents of the 35-horse power engine, which then had 80 pounds of steam on, emptied itself on Mr. Lentz. He was so pinned in that he was unable to get away from the pipe. Gallon after gallon of the boiling water poured out on his body from the top of his head to his ankles.

"Pneumonia's Deadly Work had so seriously affected my right lung," writes Mrs. Fannie Connor, of Rural Route 1, Georgetown, Tenn., "that I coughed continuously night and day and the neighbors' prediction—consumption—seemed inevitable, until my husband brought home a bottle of Dr. King's New Discovery which in my case proved to be the only REAL cough cure and restorer of weak, sore lungs." When all other remedies utterly fail, you may still win in the battle against lung and throat troubles with New Discovery, the REAL cure. Guaranteed by R. R. (By Wire to the Morning Star.)

New York, April 15.—The cotton market was more active today and trading seemed to be more general than for some time past. Fluctuations were somewhat irregular, but the general undertone of the market was steady, with the close unchanged to 4 points net higher. Sales were estimated at 175,000 bales. The opening was steady at a decline of 3 to 6 points, owing to lower cables than expected, but the market immediately rallied on covering of shorts, particularly in the near positions. The unfavorable showing of the weather map for over the week end, further frosts being reported over a considerable territory, the lighter receipts and reports of a better spot demand which prompted buying for a turn. The market soon worked above the net closing figures of last week, led by May, which advanced to 9.75, selling on even terms with July and about ten points net higher, against gains of 4 to 5 points on the later deliveries. Around these figures there was a good deal of realizing and the most urgent demand from shorts seemed to be satisfied. There was some selling for a turn, but there was no aggressive pressure, owing possibly to revived apprehension of a May squeeze. The market held steady in the late trading. Exports for the day were nearly three times the port receipts and both the port and interior movemens are running well under last year's figures leading to modified estimates of the commercial crop.

Receipts at the ports today, 9,214 bales, against 18,407 last week, and 16,117 last year. For the week, 95,000 bales, against 103,094 last week and 97,555 last year. Today's receipts at New Orleans 3,325, against 4,568 last year, and at Houston 2,892 bales, against 1,284 last year.

Spot cotton closed steady; middling uplands, 11.15; middling Gulf, 11.40; sales, none.

Futures closed steady.

TRAIN WRECKED AND CARS BURNED

Five Killed and Many Injured in Accident in North Dakota.

WAS WORK OF WRECKERS

Gas Tank Exploded and Burned Seven Coaches—Many People Were Injured Besides Known Dead. Rails Tampered With.

St. Paul, Minn., April 15.—Running at a speed of 40 miles an hour on a straight track, the Great Northern westbound Oriental Limited, which left here for Pacific points Sunday morning, was derailed early today at Bartlett, N. D. Five persons were killed and a score or more injured, some of them seriously.

After the wreck a gas tank exploded and the train took fire, seven passenger coaches being destroyed, the sleeper and observation cars escaping the flames. There is said to be some evidence that the rails had been tampered with. Officials of the road say that the track in this vicinity has been in apparently first class condition and they are unable to account for the wreck on any other theory than that of deliberate attempt of miscreants to wreck the train.

The dead are W. B. Jones, mail clerk, Grand Fork, and four unidentified foreigners, believed to be Greks.

The wreck occurred on the line dividing Nelson and Ramsey counties, the mail car completely jumping over the engine and landing in Ramsey county, while the remainder of the wrecked train burned in Nelson county.

Many thrilling escapes were reported. The uninjured worked heroically to rescue the imprisoned and it is thought all but three were removed. Those killed were in the smoker, which was telescoped by the express car in front.

The accident occurred four miles from here, near the small village of Bartlett, within half a mile of where a similar train was wrecked last fall.

EVELYN THAW'S STORY AGAIN.

Will Be Supported By Letters from Stanford White.

New York, April 15.—"If another trial is had it has been agreed that the same line of defense as that used in the first trial will be followed. Evelyn Thaw will tell her story again, but her testimony will be greatly strengthened by documentary evidence that was not used before."

This is the statement credited to Lawyer Dan O'Reilly, of Harry K. Thaw's cuonsel tonight. It has been reported that O'Reilly would be chief of the defense when the trial is called again, but this report was not confirmed today, and it was even stated semi-officially that none of the lawyers who officiated at the last trial had been dispensed with by Thaw. On the other hand, it was said that several of them had been paid stipulated fees, and while there would not be a formal announcement of their dismissal by Thaw they would not re-appear in the case.

As to Mr. O'Reilly's reference to documentary evidence, it was said tonight that he referred to letters written to Evelyn Nesbit by Stanford White.

Pittsburg, April 15.—In a sworn statement today Howard Nesbit, brother of Evelyn Nesbit Thaw, denies that he wrote that portion of his letter made public in New York last Saturday which read: "Perhaps I was wrong in coming here, but my parents are responsible for that."

In his affidavit young Nesbit avers that the above sentence as quoted was added to what purported to be a copy of the letter as it appeared in the newspaners by some person other than himself.

SOMETHING WRONG IN MINT.

Five-Dollar Coins in Denver Short Five Cents.

Denver, April 15.—Department heads of the United States mint in this city and three government agents connected with the mint headquarters began today the checking up of the coinage of the mint and making the annual settlements, several weeks in advance of the usual time. This action following the government report that the gold coins from the Denver mint have been found to be under value in fineness of gold, though up to grade in weight, means that the government has begun action to discover who is responsible for the discrepancy in fineness. The government report states that the coins are found to be under fine to the extent of five cents on every $20 gold piece.

NEGRO ESCAPED FROM LYNCHERS

Negro Charged With Attempted Assault on White Lady.

Greensboro, N. C., April 15.—Special Officer W. F. Thomson, of Davidson county, arrived here at midnight bringing with him Cornelius Gant, a negro of that county, charged with attempted assault upon Mrs. Swicegood, wife of a farmer of that county. It was rumored in Lexington that a posse of 200 men were there from the scene of the crime, for the purpose of lynching Gant. Gant was identified by Mrs. Swicegood.

PEACE WORKERS IN NEW YORK

National Arbitration and Peace Conference Meets Under Carnegie's Presidency.

WARNED BY MR. ROOSEVELT

President Tells Conference Not to Slop Over—Addresses By Secretaries Root and Straus, Baron de Constant, of France.

(By Wire to the Morning Star.)

New York, April 15.—Warned by President Roosevelt and Secretary Root that if success is to crown the efforts of those who are working for peace among the nations of the world, their endeavor must be along practical lines; that they must not, by insisting upon the impossible, put off the day when the possible can be accomplished—the national arbitration and peace conference which is meeting in this city under the presidency of Andrew Carnegie, began today its real activities with two crowded sessions in Carnegie Hall.

Secretary Root also took occasion in his speech to point out the proposition which the United States governmen will have to make at the coming conference at The Hague. He warned his hearers not to expect too much at this second conference.

The President, in a letter to the congress expressed the hope that the coming conference might result in the adoption of an international arbitration treaty. Secretary Root, after seconding this hope, declared the United States thought it proper to urge again the discussion of the subject of the limitation of armament of the nations on land and sea, and the abolition of the practice of using force in the collection of debts owed by one nation to the citizens of another.

Mr. Carnegie paid a tribute to President Roosevelt and expressed the wish that Mr. Roosevelt might be the peace maker of the future. He declared, however, that Emperor William is the man among all men who holds the peace of the nations in his power. In this connection Mr. Carnegie said it was unjust to speak of the Emperor as a menace to the peace of Europe, adding that in 20 years upon the throne the German ruler had spilt no blood nor caused an international war.

At the afternoon session the speakers were Secretary Root, Governor Charles E. Hughes, of New York; George B. McClellan, of New York city, who made the address of welcome, and Mr. Carnegie.

Tonight the speakers included Baron D'Estourelles de Constant, member of the French Senate, and head of the International Conciliation Committee, and Secretary Oscar Straus, of the Department of Commerce and Labor.

Mr. Roosevelt, in his letter to the congress, urged that its efforts be devoted to the practical side of the question it had undertaken to discuss. "An impassioned oration about peace," he declared, "which includes an impassioned demand for something which the man who makes the demand either knows or ought to know cannot as a matter of fact be done, represents not gain, but loss, for the cause of peace; for even the noblest cause is marred by advocacy which is either insincere or foolish."

The President closed by stating what he hoped to see at the coming conference at The Hague—a general arbitration treaty among the nations adopted, and The Hague court greatly increased in power and permanency; the judges in particular being made permanent and given adequate salaries.

Secretary Root took for his subject "The American Sentiment of Humanity." Governor Hughes followed Mr. Root in a speech welcoming the congress in the name of the people of the State of New York.

Andrew Carnegie, president of the congress, delivered the opening address. The great hall was filled to overflowing when Mr. Carnegie called the meeting together tonight. The proceedings were delayed until a flashlight picture was taken.

Mr. Carnegie then introduced Baron D'Estournelles de Constant, who began his address in French, but soon changed to English. He was followed by Oscar S. Straus, Secretary of Commerce and Labor.

EARTH SHOCKS IN WEST MEXICO

Serious Quakes Completely Destroy One City and Probably Several Others.

MANY PEOPLE WERE KILLED

Earthquakes Began Sunday Night and Continue at Hour Intervals. Pecple Panic Stricken—Feared Volcanoes Be Destructive.

(By Wire to The Morning Star.)

Chilpancingo, Mexico, April 15.—This city has been completely destroyed by one of the most serious earthquakes that has ever visited this section. Up to this evening the known dead number eleven and the badly injured twenty-seven. Among the dead is the wife of Postal Inspector Leopoldo Lopez Guerra and the child of Jose Aleman, the postmaster of the city. Jose Lopez Martinez, manager of the Federal Telegraph office was struck in the head by a block of stone and badly injured. A panic prevails everywhere and people are fleeing to the open country. The earth continues to rock at about hour intervals. Many minor shocks are completing the work of destruction.

All telegraph communication with the outside world ceased shortly after 11:50 o'clock last night when the first shock was felt. The telegraph operators have installed temporary quarters in an open square.

Word has reached here that the town of Chilapa, 42 kilometers to the northeastward, has also been destroyed. As yet no details have been received as to the number of dead and wounded, but it is efare that the number will be large.

This city is the capital of the State of Guerrerro, and four years ago was visited by an earthquake which killed and wounded many of its inhabitants and destroyed a large part of the town. The population of the town is 7,498. The population of Chilapa is 15,000 an that place is the home of the bishop of the Catholic Church who administers the ecclesiastical affairs of the entire region. No word has been received from the bishop's palace and it is unknown at this time whether or not he was a victim of the shock.

Midway between the cities of Chilpancingo and Chilapa is the city of Tixtla. This is a prosperous and progressive community and as no word has been received from that place it is feared that it also has been destroyed.

The following message was sent to the Federal Telegraph office in Mexico City from Chilpancingo:

"Our boys are working in a public garden. A terrible panic prevails as the earth continues to tremble at regular intervals. Send us tents that we may establish an office out in the country."

All communication with the west coast has been cut off since the commencement of the first big shock, and it is not known to what extent that region suffered. The nearest big town, Acaquco which is 131 kilometers to the southwest of this place, has not been heard from.

Both the volcanoes of Colima and Jorulla are in this region and the people fear that the recent eruption of the earth may cause these mountains to become more active and to destroy much property and many lives. The first named volcano is in the State of Colima, along the coast to the northwest of this city. Jorulla is much nearer and is located almost due north in the State of Michoacan.

The inhabitants of this region are known as "pintos" because of the "spots" on their faces. They are noted for their hardy, warlike spirit and for their stocism and fanaticism, but the recent catastrophe seems to have completely unnerved them as they have up to date lost all discretion.

The city is 97 kilometers from the nearest railroad line and it will be impossible for the people to flee except on foot or on horse back. This fact caused a considerable amount of anxiety because the State is inhabited by a great number of Americans who are engaged prospecting for mines. The nearest railroad terminal is at Iguala, across the Rio Balsas and 97 kilometers to the northward of Chilpancingo. The distance between Chilpancingo and Mexico City is 355 kilometers.

500 Lives Lost.

City of Mexico, April 15.—The "Banco Nacional" (National Bank of Mexico) has received a telegram saying that 500 lives were lost in the destruction of Chilpancingo and Chilapa. The telegram adds that both cities were completely destroyed. In governmental circles the report is not credited. It is admitted that both cities were severely damaged, but it is not thought that the death list will even approximate 500, owing to the fact that the houses are massive affairs built of stone in order to resist earthquake shocks.

The Governor of the State of Guerrero has dispatched military engineers and troops to the destroyed districts and the work of rescue and sanitation is being carried on in a systematic manner.

DEATH OF GEO. W. ROOSEVELT.

Was Cousin of President and Consul General at Brussels.

Washington, April 15.—The State Department received a dispatch today announcing the death of George W. Roosevelt, a cousin of President Roosevelt, at Brussels, where he was Consul General. Mr. Roosevelt was appointed Consul at Aukland in 1878, at St. Helena in 1879, at Matanzas in 1880, at Bordeaux in 1881, at Brussels in 1889, and promoted to Consul General at that port on March 14, 1905. He was born in 1844 and served with distinction in the Civil war.

CHIEF OF POLICE SUICIDES.

Couldn't Stand Indictment for Failure to Close Disorderly Houses

Newark, N. J., April 15.—Chief of Police John Adams, of this city, shot and killed himself in Branch Brook Park today. Adams had been on the police force thirty-two years, and two years ago he was made chief. With three former police commissioners, two captains and several plain clothes men, Chief Adams was indicted recently for non-feasance in office, in having failed to close alleged disorderly houses. It had been rumored that the police board was to have suspended all the indicted men at a meeting this afternoon, and it is thought that this may have made the chief desperate and caused him to take his life.
